Re: *Suomen Colorize Oy v. Verizon Services Corp., et al.,*
C.A. No. 12-cv-715-CJB

Dear Judge Burke:

Verizon writes in connection with the claim construction hearing set for July 30, 2013 at 10:00 am. In order to make the parties' presentations more efficient and reduce the number of claim terms to be decided by the Court, Verizon has determined that it will not contest Plaintiff SCO's construction of the term "frame" to mean "digital packet" and accordingly withdraws its own proposed construction of "in a frame format." Verizon maintains its proposed constructions with respect to all of the other claim terms to be heard, specifically including "identification and control data."

With the elimination of frame/in a frame format from the hearing, the order of presentation pursuant to the Court's July 24, 2013 Order would be: (1) service information; (2) multiplexing/service multiplex; (3) identification and control data; (4) selection data; and, (5) on the basis of/forming ... on the basis of

We would be pleased to answer any questions the Court may have about this.

The Honorable Christopher J. Burke
